

期貨/股票期權 SPTrader 雙重驗證使用指南

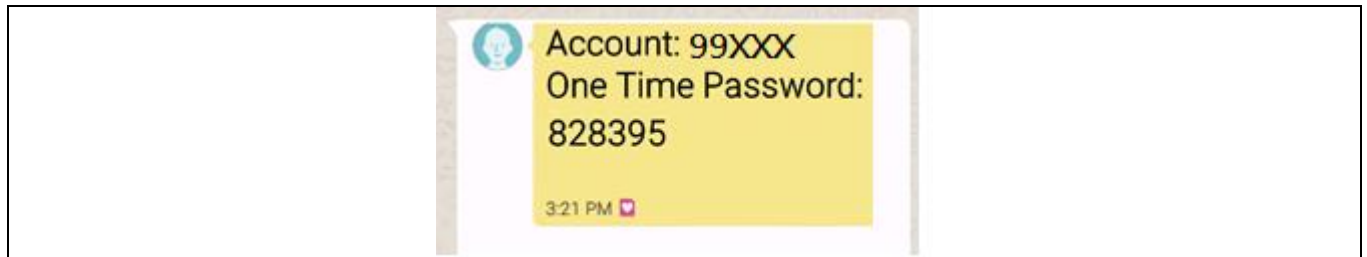

Future/Stock Option SPTrader two-factor authentication instruction

1. 請客戶先更新 SPTrader/SPTrader Pro HD 至最新版本
Please upgrade SPTrader/SPTrader Pro HD to new version
2. 輸入交易密碼登入後, 系統會顯示以下雙重驗證登入畫面:
After logging with trading password, 2FA login screen will be popped up as below:

認證碼會發送至客戶登記之電話號碼 (SMS)。輸入認證碼按確定，即授權該裝置日後可繼續使用。

Client will get the one time password from registered phone number via SMS. After inputted the one time password, the new device will be authorized for future login.

- 一經授權該裝置，日後就不需要再授權。客戶亦可從 SPTrader 桌面版及手機版內的「裝置安全管理」取消之前登記的裝置。

Once authorized a device, client do not need to do it again. Client can delete previous registered device at either SP Trader Desktop version or SPTrader Pro HD APP.
